It's not just a laminate

THE COLOUR OF INTENTION

Introducing The Paintbox Collection, a curated range of laminates built around pure, solid colours: expressive, uninterrupted, and full of design freedom. A way to define a space, evoke a feeling, or anchor a vision. Where every shade becomes the beginning of a story and your interior's mood-setter, tone-definer, and style-starter, all through one, intentional hue. Let color be the lead character. Speak volumes without saying a word.
